Our world is made by people
Loving other people
We will be there
Oh, we will be there
'Cause it's loving other people
That makes us a gentle people
We will take care
We will take care

CHORUS

Each of us is kind
Each of us is very smart
Each of us has lots of room
In each of our hearts for each other
As one

Our world is made by people
Hugging other people
We will be there
Oh, we will be there
'Cause it's hugging other people
That makes us a feel good people
We will take care
We will take care

CHORUS

Our world is made by people
Listening to other people
We will be there
Oh, we will be there
'Cause it's listening to other people
That makes us a wiser people
We will take care
We will take care

CHORUS

Our world is made by people
Sharing with other people
We will be there
Oh, we will be there
'Cause it's sharing with other people
That makes us a richer people
We will take care
We will take care

CHORUS
